Summary of Qualifications

I am a front end web developer with over 5 years of experience. I focus on emerging web technologies and creating mobile optimized websites and web applications. I enjoy being part of the entire process, starting with researching, brainstorming and wireframing to implementation, troubleshooting and analytics. I love learning through challenges and taking educated risks.

Skills and Competencies

• HTML/CSS	• AngularJS	• Responsive Design/Development	• Conducting Learning Sessions
• Sass/LESS	• Git	• REST APIs	• Dev Team Management
• JavaScript/jQuery	• UX/UI	• Adobe Creative Suite	• CMS Experience
